1. How to Login and other features:

A screenshot of a web browser showing the 'POLICE LOGIN' page. The browser's address bar shows 'localhost/police/index.php'. The page has a title 'POLICE LOGIN' and two input fields: 'Username' and 'Password'. Below these fields is a 'Login' button. Three arrows point from the input fields and the button to numbered instructions on the right.

1. Enter username here
2. Enter password here
3. Mouse over and click Login button to login once username and password has been filled in.
4. If username or password is empty, the appropriate prompt will inform the user.

A screenshot of the 'POLICE LOGIN' page with an error message: 'Username is required!'. The 'Username' input field is highlighted, and the 'Password' field is empty. The 'Login' button is visible at the bottom.

A screenshot of the 'POLICE LOGIN' page with an error message: 'Password is required!'. The 'Username' input field contains the text 'demo', and the 'Password' field is empty. The 'Login' button is visible at the bottom.

A screenshot of the 'POLICE LOGIN' page with an error message: 'Incorrect username or password please try again.'. Both the 'Username' and 'Password' input fields are highlighted. The 'Login' button is visible at the bottom.

5. If the username or password is incorrect (not in the Police database) then the appropriate prompt will inform the user.

1.1 How to change Password

A screenshot of a web browser showing the 'Change Password' page. The browser's address bar shows 'localhost/police/changePass.php'. The page has a title 'Change Password' and three input fields: 'Old Password', 'New Password', and 'Confirm New Password'. Below these fields is a 'CHANGE' button. At the bottom left, there is a link labeled 'HOME'.

6. Once logged in the user (police officer) can change their password by clicking on the link found on the Police hub (more information in the second chapter below).
7. To change the current password, you must correctly enter your old password followed by entering the new password twice.

8. If the old or new password is not filled and the user clicks the change button the appropriate prompt will appear to inform the user.

9. If the new passwords do not match the appropriate prompt will inform the user.

10. Once the old password and the new passwords has been entered correctly, the appropriate prompt will inform the user. The user can now login with the new password. The police database has been updated with the new password (old password replaced).

2. Police Hub

POLICE HUB

Hello Regan

People database:

Vehicle database:

Insert new vehicle and people data:

Vehicle Type...
Vehicle Colour...
Vehicle licence number...
People name...
People address...
People licence...

Report an incident:

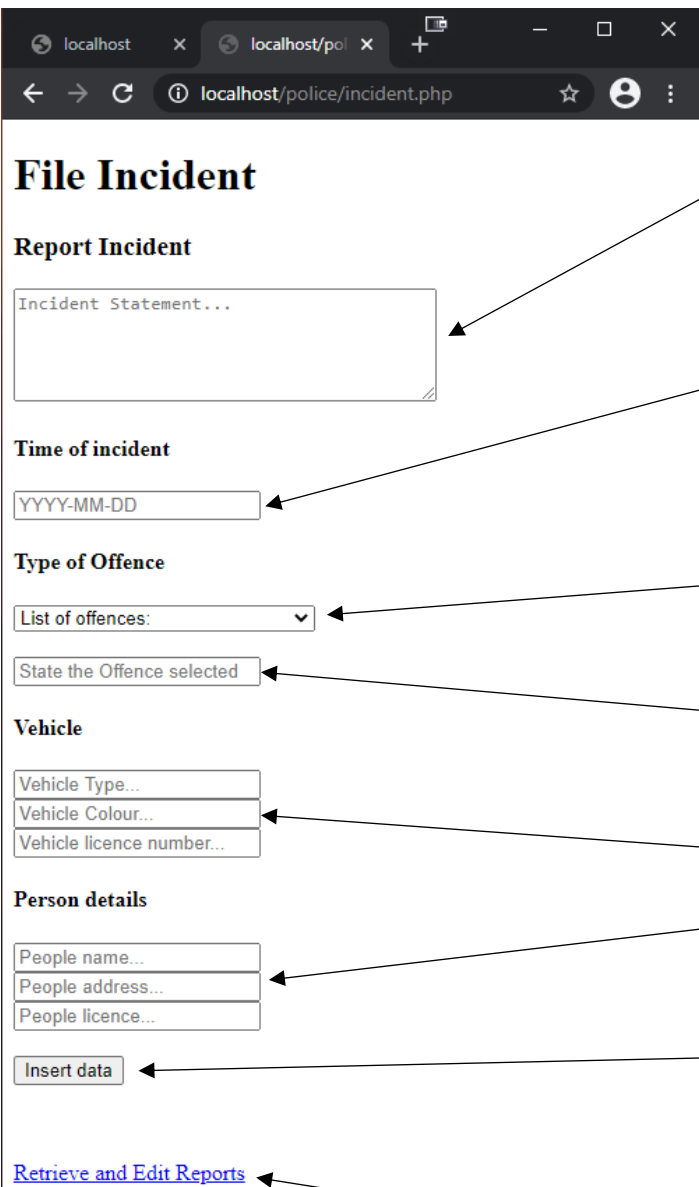

[File a Report for an Incident](#)

[Change Password](#)

[Logout](#)

1. Search up current personal information of people in the database (People name, address & licence) by typing the name of the person or their licence.
2. Search up the current information of vehicle database (Vehicle type, colour and licence whilst also including the owner's name and their licence) by typing the known vehicle licence plate.
3. You can insert new vehicle and data by filling up the appropriate (labelled by the placeholders). Filling all text boxes are not required to insert new data.
4. Click this link to direct you to a new page where you can file a report (more information in the upcoming chapter below).
5. Click this link to change password (scroll above to the previous chapter to see further information).
6. Click this link to logout (redirects the user to the login page).

3. How to file a report

The screenshot shows a web browser window with the address bar displaying 'localhost/police/incident.php'. The page title is 'File Incident'. The form is titled 'Report Incident' and contains several sections: 'Incident Statement...' (a large text area), 'Time of incident' (a text input with a placeholder 'YYYY-MM-DD'), 'Type of Offence' (a dropdown menu with 'List of offences:' and a selected option 'State the Offence selected'), 'Vehicle' (three text inputs for 'Vehicle Type...', 'Vehicle Colour...', and 'Vehicle licence number...'), and 'Person details' (three text inputs for 'People name...', 'People address...', and 'People licence...'). At the bottom of the form is an 'Insert data' button and a link 'Retrieve and Edit Reports'. Eight numbered instructions are provided on the right side of the image, with arrows pointing to the corresponding form elements:

1. To submit an incident report, fill in the large text box (textual statement).
2. Submit time of the incident in YYYY-MM-DD format (year-month-day).
3. Click the dropdown menu box to see list of offences in the database.
4. Type out the offence selected above
5. Fill in the appropriate vehicle details
6. Fill in the appropriate details of the person
7. Click this button to submit all the new data above. The new data will be available to view on phpMyAdmin MySQL.
8. Click this link to direct you to a new page. There you can see the current reports in the database and the ability to edit them (more information on this feature below).

How to edit reports

List of Incidents

Incident_ID	Vehicle ID	People ID	Date of incident	Report statement	Offence ID	Edit
4	14	2	2017-08-22	Failure to stop at a red light - travelling 25mph	8	Edit
3	13	4	2017-09-17	110mph on motorway	1	Edit
5	13	4	2017-10-17	Not wearing a seatbelt on the M1	3	Edit
2	20	8	2017-11-01	Double parked	4	Edit
1	15	4	2017-12-01	40mph in a 30 limit	1	Edit

1. On this page (edit.php) is a list of incidents where you can view the current database on incidents: Incident ID, Vehicle ID, People ID, Date, Statement and Offence ID.
2. Clicking the blue edit link on the right-hand side of the table will redirect you to another page (editcode.php) where you can edit the current incident statements and dates in the database.
3. You must select the desired Incident that you wish to change by selecting to correct Incident_ID number (view the table on the previous page).
4. If successful, once clicking the update button will redirect you back to the previous page (edit.php) where you can see the updates to the database.
